Onfire Academy

Service Disclosure

School Overview
Onfire Academy is a private educational institution and online learning academy that provides comprehensive K–12 educational services through a flexible, web-based instructional platform. Onfire Academy delivers standards-aligned curriculum, academic support, elective opportunities, and teacher-supported coursework designed to meet the needs of diverse learners, including scholarship students, homeschool students, full-time private school students, and supplemental education participants.

The Academy's mission is to provide engaging, flexible, and student-centered learning opportunities that prepare students for academic success, career readiness, and lifelong learning.

Educational Services Provided:

1. Fully Accredited Academic Curriculum
Students are provided access to a complete online curriculum that includes instruction in core academic subjects and electives. Curriculum is available for grades Kindergarten through 12th grade.

Core Subject Areas
* English Language Arts
* Mathematics
* Science
* Social Studies
* Health
* Physical Education

Elective Courses
Depending on grade level and program selection, students may also participate in:
* Career & Technical Education (CTE)
* Business & Entrepreneurship
* Coding & Computer Science
* Digital Media
* Fine Arts
* Foreign Languages
* Life Skills
* STEM Courses
* College & Career Readiness Courses
* Additional enrichment electives

2. Teacher Support & Academic Guidance
Scholarship students receive instructional support from licensed teachers and academic staff through:
* Messaging and communication tools
* Assignment feedback
* Academic progress monitoring
* Grading and evaluation
* Student assistance and tutoring support
* Course pacing guidance
* Parent communication and support

3. Flexible Learning Environment
Onfire Academy provides:
* 24/7 access to coursework through a web browser and supported mobile access
* Self-paced instructional options
* Flexible scheduling for families
* Multimedia-based lessons and assessments

* Parent monitoring access
* * Accessible online learning tools

Students may complete coursework from home or other approved learning environments while maintaining regular academic engagement.

4. Progress Monitoring & Reporting
The Academy maintains records and monitors student academic progress through:
* Assignment completion tracking
* Automated grading tools
* Teacher grading and feedback
* Progress reports
* Transcript documentation where applicable
* Attendance and participation monitoring consistent with program requirements

Parents and guardians may access student progress information through the online platform or app.

Curriculum Skill & Grade Levels
Scholarship students participate in curriculum aligned to their individual academic needs, placement level, and educational goals.

Elementary School (Grades K–5)
Students engage in foundational instruction focused on:
* Reading fluency and comprehension
* Writing and grammar
* Foundational mathematics
* Introductory science and social studies
* Digital literacy
* Social-emotional development

Curriculum is designed for age-appropriate skill development and mastery of foundational academic concepts.

Middle School (Grades 6–8)
Students participate in intermediate coursework focused on:
* Advanced reading comprehension and writing
* Pre-algebra and algebraic thinking
* Integrated science instruction
* Geography, history, and civics
* Career exploration
* Technology and digital skills

Instruction emphasizes critical thinking, organization, and preparation for high school-level work.

High School (Grades 9–12)
Students engage in college-preparatory, career-focused, and graduation-oriented coursework that may include:
* English I–IV
* Algebra I & II
* Geometry
* Biology
* Chemistry
* Physical Science
* U.S. History
* Government & Civics
* Economics
* Career and Technical Education pathways
* Advanced electives

High school curriculum is designed to support graduation readiness, workforce preparation, and postsecondary opportunities.

Student Placement & Participation
Each scholarship student is placed into coursework based on:
* Current grade level
* Prior academic records or transcripts
* Parent input
* Academic readiness
* Program selection
* Individual learning needs

Technology Requirements
Students participating in Onfire Academy programs are expected to have:
* Reliable internet access
* A compatible computer, laptop, or approved device
* Access to a modern web browser

The learning platform is designed to function through standard web-based access without requiring specialized software for most coursework.

Parent & Guardian Responsibilities
Parents or guardians are expected to:
* Support student participation and engagement
* Monitor academic progress
* Maintain communication with Academy staff
* Ensure students have access to required technology
* Assist younger students with scheduling and accountability where appropriate

Non-Discrimination Statement
Onfire Academy provides educational services without discrimination based on race, color, national origin, sex, disability, or other protected classifications consistent with applicable laws and program requirements.
